

Residential Design & Construction

1204 Graves Avenue • P.O. Box 2735 • Estes Park, CO 80517 • (970) 586-9436 • Fax: 586-9437

In the design of these Townhomes, Portfolio consulted extensively with Windcliff Properties, Inc. to insure that the features are optimally designed for Vacation Rentals. As a result, these three-bedroom Townhomes feature...

- Both Great Rooms and Media Rooms for informal gatherings
- Gourmet Kitchens with Pantry & Wet Bar
- Unobstructed views of the Continental Divide
- Generous Decks for casual outdoor living
- Two sumptuous Master Suites (in each Townhome) with fireplaces

The strong verticality and window design reflects the Architectural Vernacular of the Colorado “mineshaft”, which blends perfectly with this rugged Windcliff Rocky Mountain site. The interiors feature double-height timber-truss framing at the Entries, Great Rooms, and elsewhere, emulating the rustic tradition of the Grand Lodges, Summer Camps, and other buildings of the Western National Parks...“Parkitecture”. (See Architectural Examples).
